

WE THE SERVICE UPON GRADUATION

ing Army and Navy Offi-
cers Resign to Enter
Business Life.

WASHINGTON, Sept. 11.—The navy
department has been particularly un-
der the resignation of young
men who have just finished their
course at West Point or Annapolis
permanent expense. In the last
weeks eight or ten midshipmen
have presented their resig-
nation with reasons sufficient to cause
the department to accept them.
The war and navy departments
periodically confronted with this

withdrawal of young officers
the service before they have given
government some return for their
education. A resignation is accepted
when it is believed there exists
a permanent disability to the
young man. The navy suf-
fers more than the army as to the
reasons which disqualify an
officer, one especial disqualification be-
ing susceptibility to seasickness which
often results in resignation of many young

ing the last year it is said at the
department very few cadets or sec-
ond lieutenants have presented their
resignations. Major General Leonard
chief of staff of the army, has
to get out of the army to en-
gage in civil pursuits because he "was
to be married." He, however,
the young man a three months'
of absence for his honeymoon.

Food Behind the Men Behind the Gun

When the American Battleship Fleet visited the Thames
November, the London Daily Mirror sent a representative
board the flagship with instructions to find out the cause of
superior physical condition of the American Jack-tar over
average British Blue-jacket.
an officer of the American flagship, upon being questioned
regarding the food of the American Navy, said: "They have
best food of any navy on earth, and when they ask for
like Oliver Twist—they have it without question."
the chief commissariat steward handed the newspaper
a sample breakfast bill of fare. It read:

Soft boiled eggs (two)
Post Toasties with milk
Bread, butter and coffee

Post Toasties

a delicious, nourishing food made of white Indian corn.
and tempting, this food is the wholesome favorite for
breakfast with hundreds of thousands at home and abroad.

WHOOPEE! Corns Go So Easy

"GETS-IT," the New Wonder. Removes
Corns Quickly and Painlessly.

"Thank Godness I Can Wear Shoes Com-
fortably Again."

Cutting just places corns—they thrive
under it. Plasters and such things gener-
ally take away some of the toe with the
corn—if they get the corn at all.
"GETS-IT" works on a new principle.
It is perfectly harmless to the healthy
flesh, but it does go for a corn, bunion,
callous or wart like a hen for a June-bug
—and the corn disappears almost as quick
as it just shrivels away from the healthy
flesh and drops off.
You can apply "GETS-IT" in two sec-
onds, and it begins to get in its work a
second later. Pretty soon you'll forget
you ever had corns or bunions.
"GETS-IT" is sold at all druggists, at
25 cents a bottle, or sent on receipt of
price by E. Lawrence & Co., Chicago, Ill.
Sold in Salt Lake City by Schramm,
Johnson, Drugs, the "Never-Substitutes,"
five good stores.

BROUGHT TO TRIAL AFTER 46 YEARS

FORT SMITH, Ark., Sept. 11.—When
the case of former Lieutenant Daniel
W. Byars is called at Bonham, Tex., a
week from next Thursday, two Arkans-
as men will give testimony that will
decide whether or not Byars shall be
punished for the double killing of Cap-
tain Harris and his son on March 5,
1865, forty-six years ago.

These witnesses are John Donohue of
Fort Smith and Asbury Smith of Lit-
tle Rock. The former will testify
against Byars and the latter for the
defense. Both have been advised to
hold themselves in readiness to come
to Bonham to testify.

Donohue and Smith are the surviving
eye witnesses to the double killing.
Byars was indicted in December, 1865,
for murder, but made his escape and his
whereabouts were never discovered un-
til less than two months ago.

HUSBAND CHARGED WITH WIFE MURDER

CHICAGO, Sept. 11.—With black
marks on her throat indicating that she
may have been choked to death, the
body of Mrs. Jennie Mozniski was
found today in her home. Joseph Mo-
zniski, her husband, is being held pend-
ing investigation. One of the front
windows of the house was open and the
woman's savings of \$64, which she
kept in a stocking, were missing. The
husband said he believed burglars en-
tered the house during the night and
killed her.

Wealth in Wedding Fees.

NEW ORLEANS, Sept. 11.—That the
ministry may be a paying proposition
from a worldly standpoint is borne out
by the fact that from wedding fees alone
in his twenty-seven years as rector of
Trinity Episcopal church of this city,
Rev. A. Gordon Bakewell has taken in
\$50,000.

BAKERS TO FIGHT THE BREAD TRUST

KANSAS CITY, Sept. 11.—Plans for
a nation wide battle against the so-
called "bread trust" will come up for
serious discussion and perhaps decision
at the meeting of the Bakers and Con-
fectionery Workers International Union
of America, which convenes in tri-
ennial session here today. The union will
comprise a membership of 22,000 and
will be represented by about eighty-
five delegates, and may go so far as
to finance and open independent baker-
ies in the center of opposition in an
effort to force the master bakers to
recognize them even at the expense of
a bitter fight.

There are four principal cities where
members of the union are barred ac-
cording to Otto E. Fisher of Chicago,
international secretary of the union,
who arrived yesterday. These are New
York, Pittsburgh, Cleveland and Boston.
The bakers are almost ready to enter
the field in those cities to carry
through the fight for the union label.

CURIOSITY OF BOY RESULTS IN DEATH

REDONDO, Cal., Sept. 11.—The
sinking of a "pirate" ship, posed for
a moving picture machine in the water
off Redondo beach, was interrupted by
a scene about which there was no pre-
tense, yesterday, when David Thomas,
17 years old, of Los Angeles, who swam
out to get a closer view of the actors,
became exhausted and sank. The
drowning boy's plight was first noted
by the make believe pirates as they
were engaged in a mimic hand to hand
fight on the ship's deck. Several of
them plunged to the rescue. They
were too far away to save Thomas,
however.

Will Plead Insanity.

KANSAS CITY, Mo., Sept. 11.—Rob-
ert F. Curtis, who shot Henry C. Gam-
bel in a downtown hotel Saturday, in-
flicting wounds from which Mr. Gambel
died yesterday, was charged with first
degree murder and held without bond
here today. "Emotional insanity," it is
said, will be his plea.

Demand More Wages.

CINCINNATI, Ohio, Sept. 11.—Repres-
entatives of 700 truckmen employed by
the Cincinnati, Hamilton & Dayton rail-
road called on General Manager Frank
H. Alfred today to make demands for
an increase of 10 per cent in pay and a
ten-hour day all the year round. The
men declare they will strike if no con-
cessions are made.

Killed by Accident.

BELLINGHAM, Wash., Sept. 11.—
George Slater, a youth of 17, was in-

by the accidental discharge of a shot-
